

Our Investment Portfolio: High Quality and Diversified

Our investment philosophy employs a bottom-up approach, which combines our strong asset management skills with an in-depth understanding of each investment to match the characteristics of our underlying liabilities. We have a diversified portfolio with broad asset classes, ranging from fixed income investments to a variety of alternative long-duration asset, which provides a distinctive positioning. We use a disciplined approach across all asset classes, and we do not chase yield in the riskier end of the fixed income or alternative asset markets. This philosophy has resulted in a well-diversified, high-quality investment portfolio, with excellent credit experience.
