

PROJECT: GET IT DONE TOGETHER

Chef Amy Kayne

Amy Kayne is founder and Head Chef at 2Gether Private Chefs. She has always had a passion for food, having been raised around Lebanese and Italian food cultures.

Over the past 6 years, Amy has fully embraced this passion and taken it to the next level by starting her own private chef business, beginning with themed cooking parties and is now full-blown Private Chef Company.

This year, Amy was home with her sons Jackson (12) and Nolan (10), and they decided to create their own cooking show. She is excited to share their passion for food while also having some fun in the kitchen with you.
