

Write a Story About Your Favorite Summer Memory and Illustrate It

Take a minute and think about the below questions...

- What was your favorite day this summer?
- Who were you with?
- What did you do?
- What made this day so special?
- How will you always remember it?

Do you have your favorite memory? Good! Now let's take it from your mind and put it onto paper. It's time to get creative and artistic! Grab crayons, paint, glitter or any other art supplies you have along with a piece of paper and start drawing your favorite memory from the summer.

Idea #1: A Day By the Pool

Did you have a backyard pool day with your family (or water balloon fight)? Draw yourself relaxing with your family in the pool – or laying on pool floats!

Idea #2: Backyard Sports

Did you play a backyard game of any kind? Draw a kickball, baseball or another game where you got competitive.

Idea #3: Movie Night

Did you go to the drive in one night to see a great movie? What movie was it? Draw your favorite scene or character.
