(10,000,000 Shares)**

Manulife Financial Corporation (“**MFC**”) is offering 10,000,000 Non-cumulative Rate Reset Class 1 Shares Series 25 (the “**Series 25 Preferred Shares**”). The holders of Series 25 Preferred Shares will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the board of directors of MFC (the “**Board of Directors**”) for the initial period commencing on the Closing Date (as defined below) and ending on and including June 19, 2023 (the “**Initial Fixed Rate Period**”) payable quarterly on the 19th day of March, June, September and December in each year (each three-month period ending on the 19th day of each such month, a “**Quarter**”), at an annual rate equal to \$1.175 per share. The initial dividend, if declared, will be payable June 19, 2018 and will be \$0.383082 per share, based on the anticipated closing date of February 20, 2018. See “Details of the Offering”.

For each five-year period after the Initial Fixed Rate Period (each a “**Subsequent Fixed Rate Period**”), the holders of Series 25 Preferred Shares will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the Board of Directors, payable quarterly on the 19th day of March, June, September and December in each year, in an annual amount per share determined by multiplying the Annual Fixed Dividend Rate (as defined below) applicable to such Subsequent Fixed Rate Period by \$25.00. The Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period will be determined by MFC on the 30th day prior to the first day of such Subsequent Fixed Rate Period and will be equal to the sum of the Government of Canada Yield (as defined below) on the date on which the Annual Fixed Dividend Rate is determined plus 2.55%. See “Details of the Offering”.

Option to Convert Into Series 26 Preferred Shares

The holders of Series 25 Preferred Shares will have the right, at their option, to convert their shares into Non-cumulative Floating Rate Class 1 Shares Series 26 of MFC (the “**Series 26 Preferred Shares**”), subject to certain conditions, on June 19, 2023 and on June 19 every fifth year thereafter. The Floating Quarterly Dividend Rate will be equal to the sum of the T-Bill Rate (as defined below) plus 2.55% (calculated on the basis of the actual number of days elapsed in the applicable Quarterly Floating Rate Period divided by 365) determined on the 30th day prior to the first day of the applicable Quarterly Floating Rate Period. See “Details of the Offering”.

The Series 25 Preferred Shares will not be redeemable by MFC prior to June 19, 2023. On June 19, 2023 and on June 19 every fifth year thereafter, but subject to the provisions of the *Insurance Companies Act* (Canada) (the “**ICA**”), including the requirement of obtaining the prior consent of the Superintendent of Financial Institutions (the “**Superintendent**”), and subject to certain other restrictions set out in “Share Structure” and “Details of the Offering — Certain Provisions of the Series 25 Preferred Shares as a Series — Restrictions on Dividends and Retirement of Series 25 Preferred Shares”, MFC may, at its option, on at least 30 days but not more than 60 days prior written notice, redeem for cash all or from time to time any part of the outstanding Series 25 Preferred Shares for \$25.00 per Series 25 Preferred Share, together in each case, with an amount equal to the sum (the “**Accrued Amount**”) of (i) all declared and unpaid dividends in respect of completed Quarters preceding the date fixed for redemption; and (ii) an amount equal to the cash dividend in respect of the Quarter in which the redemption occurs, whether declared or not, pro rated to such date. See “Details of the Offering”.

The Series 25 Preferred Shares and the Series 26 Preferred Shares do not have a fixed maturity date and are not redeemable at the option of holders. See “Risk Factors”.

CAUTION REGARDING FORWARD-LOOKING STATEMENTS

From time to time, MFC makes written and/or oral forward-looking statements, including in the prospectus, this prospectus supplement and the documents incorporated by reference in the prospectus and this prospectus supplement. In addition, our representatives may make forward-looking statements orally to analysts, investors, the media and others. All such statements are made pursuant to the “safe harbour” provisions of Canadian provincial securities laws and the *U.S. Private Securities Litigation Reform Act of 1995*.

The forward-looking statements in the prospectus, this prospectus supplement and the documents incorporated by reference in the prospectus and this prospectus supplement include, but are not limited to, statements with respect to MFC’s possible or assumed future results set out under “Corporate Strategy”, “General Development of the Business”, and “Business Operations” in our most recent annual information form (“AIF”) and in our most recent management’s discussion and analysis, the expected impact of our decision to reduce the allocation to alternative long-duration assets (“ALDA”) in our portfolio asset mix supporting our legacy business and of the previously announced impact of the *U.S. Tax Cuts and Jobs Act* (“U.S. Tax Reform”), and Manulife’s expected capital position under the new Life Insurance Capital Adequacy Test guideline.

The forward-looking statements in the prospectus, this prospectus supplement, and the documents incorporated by reference in the prospectus and this prospectus supplement also relate to, among other things, MFC’s objectives, goals, strategies, intentions, plans, beliefs, expectations and estimates, and can generally be identified by the use of words such as “may”, “will”, “could”, “should”, “would”, “likely”, “suspect”, “outlook”, “expect”, “intend”, “estimate”, “anticipate”, “believe”, “plan”, “forecast”, “objective”, “seek”, “aim”, “continue”, “goal”, “restore”, “embark” and “endeavour” (or the negative thereof) and words and expressions of similar import, and include statements concerning possible or assumed future results. Although MFC believes that the expectations reflected in such forward-looking statements are reasonable, such statements involve risks and uncertainties, and undue reliance should not be placed on such statements and they should not be interpreted as confirming market or analysts’ expectations in any way.

Certain material factors or assumptions are applied in making forward-looking statements and actual results may differ materially from those expressed or implied in such statements.

Important factors that could cause actual results to differ materially from expectations include but are not limited to:

- the final interpretation of U.S. Tax Reform by tax authorities, the amount of time required to reduce the allocation to ALDA in our asset mix and redeploy capital towards higher-return businesses, the specific type of ALDA we dispose of and the value realized from such dispositions;
- general business and economic conditions (including but not limited to the performance, volatility and correlation of equity markets, interest rates, credit and swap spreads, currency rates, investment losses and defaults, market liquidity and creditworthiness of guarantors, reinsurers and counterparties);

- changes in laws and regulations;
- changes in accounting standards applicable in any of the territories in which we operate;
- changes in regulatory capital requirements;
- our ability to execute strategic plans and changes to strategic plans;
- downgrades in our financial strength or credit ratings;
- our ability to maintain our reputation;
- impairments of goodwill or intangible assets or the establishment of provisions against future tax assets;
- the accuracy of estimates relating to morbidity, mortality and policyholder behaviour;
- the accuracy of other estimates used in applying accounting policies, actuarial methods and embedded value methods;
- our ability to implement effective hedging strategies and unforeseen consequences arising from such strategies;
- our ability to source appropriate assets to back our long-dated liabilities;
- level of competition and consolidation;
- our ability to market and distribute products through current and future distribution channels;
- unforeseen liabilities or asset impairments arising from acquisitions and dispositions of businesses;
- the realization of losses arising from the sale of investments classified as available-for-sale;
- our liquidity, including the availability of financing to satisfy existing financial liabilities on expected maturity dates when required;
- obligations to pledge additional collateral;
- the availability of letters of credit to provide capital management flexibility;
- accuracy of information received from counterparties and the ability of counterparties to meet their obligations;
- the availability, affordability and adequacy of reinsurance;
- legal and regulatory proceedings, including tax audits, tax litigation or similar proceedings;
- our ability to adapt products and services to the changing market;
- our ability to attract and retain key executives, employees and agents;
- the appropriate use and interpretation of complex models or deficiencies in models used;
- political, legal, operational and other risks associated with our non-North American operations;

- acquisitions and our ability to complete acquisitions including the availability of equity and debt financing for this purpose;
- the disruption of or changes to key elements of Manulife’s systems or public infrastructure systems;
- environmental concerns;
- our ability to protect our intellectual property and exposure to claims of infringement; and
- the inability of MFC and MLI to withdraw cash from subsidiaries.

Additional information about material risk factors that could cause actual results to differ materially from expectations and about material factors or assumptions applied in making forward-looking statements may be found in the prospectus and this prospectus supplement under “Risk Factors” as well as under “Risk Factors” in our AIF, under “Risk Management”, “Risk Factors” and “Critical Accounting and Actuarial Policies” in our most recent management’s discussion and analysis, in the “Risk Management” note to our most recent consolidated financial statements, and elsewhere in MFC’s filings with Canadian and U.S. securities regulatory authorities.

MFC does not undertake to update any forward-looking statement, except as required by law.

ELIGIBILITY FOR INVESTMENT

In the opinion of Torys LLP and McCarthy Tétrault LLP, the Series 25 Preferred Shares, if issued on the date of this prospectus supplement, would be, on such date, a qualified investment under the *Income Tax Act* (Canada) and the regulations thereunder (collectively, the “**Tax Act**”) for a trust governed by a registered retirement savings plan (a “**RRSP**”), a registered retirement income fund (a “**RRIF**”), a registered education savings plan (“**RESP**”), a registered disability savings plan (“**RDSP**”), a deferred profit sharing plan or a tax-free savings account (a “**TFSA**”). The Series 25 Preferred Shares, if issued on the date of this prospectus supplement, would not be, on such date, a “prohibited investment” for a trust governed by a TFSA, RDSP, RRSP, RRIF or RESP provided that (i) the holder of the TFSA or RDSP, the annuitant under the RRSP or the RRIF or the subscriber of the RESP, as the case may be, deals at arm’s length with MFC for purposes of the Tax Act and does not have a “significant interest” (as defined in the Tax Act) in MFC or (ii) the Series 25 Preferred Shares are “excluded property” (as defined in subsection 207.01(1) of the Tax Act) for such trusts. Holders of a TFSA or an RDSP, annuitants under an RRSP or RRIF and subscribers of an RESP should consult their own tax advisers regarding the application of the foregoing prohibited investment rules in their particular circumstances.

DOCUMENTS INCORPORATED BY REFERENCE

This prospectus supplement is deemed to be incorporated by reference, as of the date hereof, in the accompanying prospectus solely for the purpose of this offering. The following documents, which have been filed by MFC with the securities regulatory authorities in Canada, are incorporated by reference in the prospectus and this prospectus supplement:

- AIF dated February 7, 2018;
- audited consolidated financial statements and the notes thereto for the years ended December 31, 2017 and 2016, together with the auditors’ report thereon;
- management’s discussion and analysis for the audited consolidated financial statements referred to in the preceding item;

The Marketing Materials are not part of this prospectus supplement to the extent that the contents of the Marketing Materials have been modified or superseded by a statement contained in this prospectus supplement.

Any documents of the type described in Section 11.1 of Form 44-101F1 — *Short Form Prospectus* filed by MFC and any template version of marketing materials (as defined in NI 41-101) that MFC files with the Canadian securities regulatory authorities after the date of this prospectus supplement and prior to the termination of the distribution of the Series 25 Preferred Shares shall be deemed to be incorporated by reference in the prospectus and this prospectus supplement.

Any statement contained in this prospectus supplement, the prospectus or in a document incorporated or deemed to be incorporated by reference in this prospectus supplement or in the prospectus shall be deemed to be modified or superseded, for the purposes of this prospectus supplement, or the prospectus, as the case may be, to the extent that a statement contained herein, or in any other subsequently filed document that also is or is deemed to be incorporated by reference herein, modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement will not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this prospectus supplement or the prospectus.

On January 19, 2018, MLI announced that it intends to redeem at par on February 26, 2018 all of its outstanding \$200,000,000 principal amount of 2.819% Fixed/Floating Subordinated Debentures due February 26, 2023 (the “**MLI 2.819% Debentures**”).

DETAILS OF THE OFFERING

Certain Provisions of the Class 1 Shares as a Class

See “Share Structure — Certain Provisions of the Class 1 Shares as a Class” and “Share Structure — Certain Provisions Common to the Class A Shares, Class B Shares and Class 1 Shares” in the prospectus for a summary of the provisions attaching to the Class 1 Shares as a class.

The Board of Directors may from time to time issue Class 1 Shares in one or more series. Prior to issuing shares in a series, the Board of Directors is required to fix the number of shares in the series and determine the designation, rights, privileges, restrictions and conditions attaching to that series of Class 1 Shares.

The Series 25 Preferred Shares and the Series 26 Preferred Shares will each be issued as a series of Class 1 Shares.

Certain Provisions of the Series 25 Preferred Shares as a Series

The following is a summary of certain provisions attaching to the Series 25 Preferred Shares as a series.

Definition of Terms

The following definitions are relevant to the Series 25 Preferred Shares.

“**Annual Fixed Dividend Rate**” means, for any Subsequent Fixed Rate Period, the rate (expressed as a percentage rate rounded down to the nearest one hundred-thousandth of one percent (with 0.000005% being rounded up)) equal to the sum of the Government of Canada Yield on the applicable Fixed Rate Calculation Date plus 2.55%.

“**Bloomberg Screen GCAN5YR Page**” means the display designated as page “GCAN5YR<INDEX>” on the Bloomberg Financial L.P. service (or such other page as may replace the GCAN5YR page on that service) for purposes of displaying Government of Canada bond yields.

“Fixed Rate Calculation Date” means, for any Subsequent Fixed Rate Period, the 30th day prior to the first day of such Subsequent Fixed Rate Period.

“Government of Canada Yield” on any date means the yield to maturity on such date (assuming semi-annual compounding) of a Canadian dollar denominated non-callable Government of Canada bond with a term to maturity of five years as quoted as of 10:00 a.m. (Toronto time) on such date and which appears on the Bloomberg Screen GCAN5YR Page on such date; provided that, if such rate does not appear on the Bloomberg Screen GCAN5YR Page on such date, the Government of Canada Yield will mean the average of the yields determined by two registered Canadian investment dealers selected by MFC, as being the yield to maturity on such date (assuming semi-annual compounding) which a Canadian dollar denominated non-callable Government of Canada bond would carry if issued in Canadian dollars at 100% of its principal amount on such date with a term to maturity of five years.

“Initial Fixed Rate Period” means the period commencing on the Closing Date and ending on and including June 19, 2023.

“Subsequent Fixed Rate Period” means for the initial Subsequent Fixed Rate Period, the period commencing on June 20, 2023 and ending on and including June 19, 2028 and for each succeeding Subsequent Fixed Rate Period, the period commencing on the day immediately following the end of the immediately preceding Subsequent Fixed Rate Period and ending on and including June 19 in the fifth year thereafter.

Issue Price

The Series 25 Preferred Shares will have an issue price of \$25.00 per share.

Dividends

During the Initial Fixed Rate Period, the holders of the Series 25 Preferred Shares will be entitled to receive fixed quarterly non-cumulative preferential cash dividends, as and when declared by the Board of Directors, subject to the provisions of the ICA, on the 19th day of March, June, September and December in each year, at an annual amount equal to \$1.175 per share (less any applicable withholding tax). The initial dividend, if declared, will be payable June 19, 2018 and will be \$0.383082 per share, based on the anticipated Closing Date of February 20, 2018.

During each Subsequent Fixed Rate Period, the holders of Series 25 Preferred Shares will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the Board of Directors, subject to the provisions of the ICA, payable quarterly on the 19th day of March, June, September and December in each year, in an annual amount per share determined by multiplying the Annual Fixed Dividend Rate applicable to such Subsequent Fixed Rate Period by \$25.00 (less any applicable withholding tax).

The Annual Fixed Dividend Rate applicable to a Subsequent Fixed Rate Period will be determined by MFC on the Fixed Rate Calculation Date. Such determination will, in the absence of manifest error, be final and binding upon MFC and upon all holders of Series 25 Preferred Shares. MFC will, on the Fixed Rate Calculation Date, give written notice of the Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period to the registered holders of the then outstanding Series 25 Preferred Shares.

If the Board of Directors does not declare the dividends, or any part thereof, on the Series 25 Preferred Shares on or before the dividend payment date for a particular quarter, then the entitlement of the holders of the Series 25 Preferred Shares to such dividends, or to any part thereof, for such quarter will be forever extinguished. Payments of dividends and other amounts in respect of the Series 25 Preferred Shares will be made by MFC to CDS, or its nominee, as the case may be, as registered holder of the Series 25 Preferred Shares. As long as CDS, or its nominee, is the registered holder of the Series 25 Preferred Shares, CDS, or its nominee, as the case may be, will be considered the sole owner of the Series 25 Preferred Shares for the purposes of receiving payment on the Series 25 Preferred Shares. See “— Depository Services”.

Redemption

The Series 25 Preferred Shares will not be redeemable by MFC prior to June 19, 2023. On June 19, 2023 and on June 19 every fifth year thereafter, but subject to the provisions of the ICA, including the requirement of obtaining the prior consent of the Superintendent, and subject to certain other restrictions set out in “Share Structure” and “— Restrictions on Dividends and Retirement of Series 25 Preferred Shares”, MFC may, at its option, on at least 30 days but not more than 60 days prior written notice to the registered holders of the Series 25 Preferred Shares, redeem all or from time to time any part of the outstanding Series 25 Preferred Shares by payment in cash of a per share sum equal to \$25.00, in each case with an amount equal to the Accrued Amount up to but excluding the date fixed for redemption (less any applicable withholding tax).

Notice of any redemption will be given by MFC to the registered holders of the Series 25 Preferred Shares at least 30 days but not more than 60 days prior to the date fixed for redemption. If less than all of the outstanding Series 25 Preferred Shares are to be redeemed, the shares to be redeemed shall be selected on a *pro rata* basis disregarding fractions or, if such shares are at such time listed on such exchange, with the consent of the TSX, in such manner as the Board of Directors in its sole discretion may, by resolution, determine.

The Series 25 Preferred Shares do not have a fixed maturity date and are not redeemable at the option of the holders of the Series 25 Preferred Shares. See “Risk Factors”.

Conversion of Series 25 Preferred Shares into Series 26 Preferred Shares

Holders of Series 25 Preferred Shares will have the right, at their option, on June 19, 2023 and on June 19 every fifth year thereafter (each a “**Series 25 Conversion Date**”) to convert, subject to the restrictions on conversion described below and the payment or delivery to MFC of evidence of payment of the tax (if any) payable, all or any of their Series 25 Preferred Shares registered in their name into Series 26 Preferred Shares on the basis of one Series 26 Preferred Share for each Series 25 Preferred Share. The conversion of Series 25 Preferred Shares may be effected upon written notice given by the registered holders of the Series 25 Preferred Shares not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series 25 Conversion Date.

MFC will, at least 30 days and not more than 60 days prior to the applicable Series 25 Conversion Date, give notice in writing to the then registered holders of Series 25 Preferred Shares of the above-mentioned conversion right. On the Fixed Rate Calculation Date, MFC will give notice in writing to the then registered holders of the Series 25 Preferred Shares of the Annual Fixed Dividend Rate for the next succeeding Subsequent Fixed Rate Period and the Floating Quarterly Dividend Rate applicable to the Series 26 Preferred Shares for the next succeeding Quarterly Floating Rate Period.

If MFC gives notice to the registered holders of the Series 25 Preferred Shares of the redemption on a Series 25 Conversion Date of all the Series 25 Preferred Shares, MFC will not be required to give notice as provided hereunder to the registered holders of the Series 25 Preferred Shares of the Annual Fixed Dividend Rate, the Floating Quarterly Dividend Rate or of the conversion right of holders of Series 25 Preferred Shares and the right of any holder of Series 25 Preferred Shares to convert such Series 25 Preferred Shares will cease and terminate in that event.

Holders of Series 25 Preferred Shares will not be entitled to convert their shares into Series 26 Preferred Shares if MFC determines that there would remain outstanding on a Series 25 Conversion Date less than 1,000,000 Series 26 Preferred Shares, after having taken into account all Series 25 Preferred Shares tendered for conversion into Series 26 Preferred Shares and all Series 26 Preferred Shares tendered for conversion into Series 25 Preferred Shares. MFC will give notice in writing to all registered holders of Series 25 Preferred Shares of their inability to convert their Series 25 Preferred Shares at least seven days prior to the applicable Series 25 Conversion Date. Furthermore, if MFC determines that there would remain outstanding on a Series 25 Conversion Date less than 1,000,000 Series 25 Preferred Shares, after having taken into account all Series 25 Preferred Shares tendered for conversion into Series 26 Preferred Shares and all Series 26 Preferred Shares tendered for conversion into Series 25 Preferred Shares, then, all, but not part, of the remaining outstanding Series 25 Preferred Shares will automatically be converted into Series 26 Preferred Shares on the basis of one Series 26 Preferred Share for each Series 25 Preferred Share, on the applicable Series 25 Conversion Date and MFC will give notice in writing to this effect to the then registered holders of such remaining Series 25 Preferred Shares at least seven days prior to the Series 25 Conversion Date.

Upon exercise by a registered holder of its right to convert Series 25 Preferred Shares into Series 26 Preferred Shares (and upon an automatic conversion), MFC reserves the right not to (a) deliver Series 26 Preferred Shares to (i) any person whose address is in, or who MFC or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada, to the extent that such issue or delivery would require MFC to take any action to comply with the securities, insurance or analogous laws of such jurisdiction or (ii) any person who beneficially owns, or who would own as a result of the conversion, directly, or indirectly through entities controlled by such person or persons associated with or acting jointly or in concert with such person, Series 26 Preferred Shares in excess of 10% of the total number of outstanding Class 1 Shares or (b) record in its securities register a transfer or issue of Series 26 Preferred Shares to any person MFC or its transfer agent has reason to believe is an Ineligible Government Holder (as defined below) based on a declaration submitted to MFC or its transfer agent by or on behalf of such person. In such circumstances the following procedures will apply: MFC or its agent will hold all or the relevant number of Series 25 Preferred Shares, as agent for any such person, and attempt to sell those Series 25 Preferred Shares (to parties other than MFC and its affiliates) on behalf of any such person. Such sales, if any, will be made at such times, and at such prices, as MFC or its agent in its sole discretion may determine. MFC and its agent will not be subject to any liability for failing to sell Series 25 Preferred Shares on behalf of any such person at any particular price on any particular day. The net proceeds received by MFC or its agent from the sale of Series 25 Preferred Shares will be divided among such persons in proportion to the number of affected Series 25 Preferred Shares held by each one of them, after deducting the cost of sale and any applicable withholding taxes. MFC or its agent will make payment of the aggregate net proceeds to CDS (if the Series 25 Preferred Shares are held in the

book-entry only system) or to the registrar and transfer agent (in all other cases) for distribution to such persons in accordance with the customary practice and procedures of CDS or the registrar and transfer agent, as applicable. See “Share Structure”.

“**Ineligible Government Holder**” means any person who is the federal or a provincial government in Canada or agent or agency thereof, or the government of a foreign country or any political subdivision of a foreign country, or any agent or agency of a foreign government, in each case to the extent that the recording in MFC’s securities register of a transfer or issue of any share of MFC to such person would cause MFC to contravene the ICA.

Conversion of Series 25 Preferred Shares into Another Series of Class 1 Shares at the Option of the Holder

MFC may, subject to the provisions of the ICA, including the requirement of any necessary consent of the Superintendent, and the New Preferred Shares (as defined below) being listed on a stock exchange, give holders of the Series 25 Preferred Shares notice that they thereafter will have the right, pursuant to the terms of the Series 25 Preferred Shares, at their option, to convert their Series 25 Preferred Shares on the date specified in the notice into fully-paid New Preferred Shares on a share for share basis. Notice shall be given by MFC in writing not more than 60 days and not less than 30 days prior to such conversion date. The holders may exercise their conversion right by delivering a conversion notice to MFC or as directed by MFC. If a holder of Series 25 Preferred Shares does not deliver such conversion notice, the holder shall be deemed not to have elected to convert their Series 25 Preferred Shares into New Preferred Shares.

“**New Preferred Shares**” means a further series of Class 1 Shares constituted by the Board of Directors having rights, privileges, restrictions and conditions attaching thereto which would qualify such New Preferred Shares as Tier 1 capital or equivalent of MFC under the then current capital adequacy guidelines established by the Superintendent.

Upon exercise by the holder of this right to convert Series 25 Preferred Shares into New Preferred Shares, MFC reserves the right not to (a) deliver New Preferred Shares to (i) any person whose address is in, or who MFC or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada, to the extent that such issue or delivery would require MFC to take any action to comply with the securities, insurance or analogous laws of such jurisdiction or (ii) any person who beneficially owns, or who would own as a result of the conversion, directly, or indirectly through entities controlled by such person or persons associated with or acting jointly or in concert with such person, New Preferred Shares in excess of 10% of the total number of outstanding Class 1 Shares or (b) record in its securities register a transfer or issue of New Preferred Shares to any person MFC or its transfer agent has reason to believe is an Ineligible Government Holder based on a declaration submitted to MFC or its transfer agent by or on behalf of such person.

In such circumstances the following procedures will apply: MFC or its agent will hold all or the relevant number of Series 25 Preferred Shares, as agent for any such person, and attempt to sell those Series 25 Preferred Shares (to parties other than MFC and its affiliates) on behalf of any such person. Such sales, if any, will be made at such times, and at such prices, as MFC or its agent in its sole discretion may determine. MFC and its agent will not be subject to any liability for failing to sell Series 25 Preferred Shares on behalf of any such person at any particular price on any particular day. The net proceeds received by MFC or its agent from the sale of Series 25 Preferred Shares will be divided among such persons in proportion to the number of affected Series 25 Preferred Shares held by each one of them, after deducting the cost of sale and any applicable withholding taxes. MFC or its agent will make payment of the aggregate net proceeds to CDS (if the Series 25 Preferred Shares are held in the book-entry only system) or to the registrar and transfer agent (in all other cases) for distribution to such persons in accordance with the customary practice and procedures of CDS or the registrar and transfer agent, as applicable. See “Share Structure”.

Purchase for Cancellation

Subject to the provisions of the ICA, including the requirement of obtaining the prior consent of the Superintendent, and subject to certain other restrictions set out under “Share Structure” and “— Restrictions on Dividends and Retirement of Series 25 Preferred Shares”, MFC may at any time or times purchase for cancellation all or any part of the Series 25 Preferred Shares outstanding from time to time, by private contract or tender or in the open market, at any price.

Priority

The Series 25 Preferred Shares shall rank on a parity with every other series of the Class 1 Shares with respect to dividends and return of capital. The Series 25 Preferred Shares shall rank equally with the Class A Shares and shall be entitled to a preference over the Class B Shares, the Common Shares and any other shares ranking junior to the Series 25 Preferred Shares with respect to priority in the payment of dividends and in the distribution of assets in the event of any liquidation, dissolution or winding-up of MFC, whether voluntary or involuntary, or any other distribution of the assets of MFC for the purpose of winding-up its affairs.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of MFC, or any other distribution of assets of MFC for the purpose of winding-up its affairs, the holders of Series 25 Preferred Shares will be entitled to receive \$25.00 for each Series 25 Preferred Share held by them, plus any dividends declared and unpaid to the date of distribution, before any amounts are paid or any assets of MFC distributed to holders of any shares ranking junior to the Series 25 Preferred Shares. After payment of those amounts, the holders of Series 25 Preferred Shares will not be entitled to share in any further distribution of the property or assets of MFC.

Voting Rights

Subject to applicable law, holders of the Series 25 Preferred Shares will not be entitled as such to receive notice of or to attend or to vote at any meeting of the shareholders of MFC unless and until the first time at which the rights of such holders to any undeclared dividends have been extinguished as described under “— Dividends”. In that event, subject to the provisions of the ICA, the holders of the Series 25 Preferred Shares will be entitled to receive notice of, and to attend, only meetings of shareholders of MFC at which directors are to be elected and will be entitled to one vote for each Series 25 Preferred Share held in the election of directors voting together with all other shareholders of MFC who are entitled to vote at such meetings, and the holders of the Series 25 Preferred Shares will not be entitled to vote in respect of any other business conducted at such meetings. The voting rights of the holders of the Series 25 Preferred Shares shall cease upon payment by MFC of the whole amount of a dividend on the Series 25 Preferred Shares to which the holders are entitled subsequent to the time such voting rights first arose. At such time as the rights of such holders to any undeclared dividends on the Series 25 Preferred Shares have again been extinguished, such voting rights shall become effective again and so on from time to time.

Restrictions on Dividends and Retirement of Series 25 Preferred Shares

As long as any of the Series 25 Preferred Shares are outstanding, MFC will not, without the approval of the holders of the Series 25 Preferred Shares given as specified under “— Shareholder Approvals”:

- declare, pay or set apart for payment any dividend on the Common Shares or any other shares ranking junior to the Series 25 Preferred Shares (other than stock dividends in any shares ranking junior to the Series 25 Preferred Shares);
- redeem, purchase or otherwise retire any Common Shares or any other shares ranking junior to the Series 25 Preferred Shares (except out of the net cash proceeds of a substantially concurrent issue of shares ranking junior to the Series 25 Preferred Shares);
- redeem, purchase or otherwise retire less than all of the Series 25 Preferred Shares; or
- except pursuant to any purchase obligation, sinking fund, retraction privilege or mandatory redemption provisions attaching to any series of Preferred Shares redeem, purchase or otherwise retire any other shares ranking on a parity with the Series 25 Preferred Shares;

unless, in each case, all dividends on the Series 25 Preferred Shares up to and including those payable on the dividend payment date for the last completed period for which dividends shall be payable and in respect of which the rights of the holders have not been extinguished, and all dividends then accrued on all other shares ranking senior to or on a parity with the Series 25 Preferred Shares, have been declared and paid or set apart for payment.

Issue of Additional Series of Class 1 Shares and Amendments to the Series 25 Preferred Shares

Although the approval of the holders of the Class 1 Shares voting separately as a class or series is not required on a proposal to amend the by-laws of MFC to create a new class of shares equal to or superior to the Class 1 Shares, MFC will not create any such class of shares superior to the Class 1 Shares without the approval of the holders of the series of Class 1 Shares voting together as a class. MFC may issue other series of Class 1 Shares ranking on a parity with the Series 25 Preferred Shares without the approval of the holders of the Series 25 Preferred Shares. MFC will not without, but may from time to time with, the approval of the holders of the Series 25 Preferred Shares given as specified under “— Shareholder Approvals” and the prior consent of the Superintendent, add, delete or vary any rights, privileges, restrictions and conditions attaching to the Series 25 Preferred Shares.

Shareholder Approvals

Any approval given by the holders of Series 25 Preferred Shares shall be deemed to have been sufficiently given if it shall have been given by a resolution passed with the affirmative vote of not less than 66 2/3% of the votes cast at a meeting of the holders of the Series 25 Preferred Shares duly called and held, in accordance with the terms and conditions attaching to the Series 25 Preferred Shares and the Class 1 Shares as a class, as if such class provisions referred to authorization by holders of the Series 25 Preferred Shares.

Tax Election

The Series 25 Preferred Shares will be “taxable preferred shares” as defined in the Tax Act. The terms of the Series 25 Preferred Shares require MFC to make the necessary election under Part VI.1 of the Tax Act so that corporate holders will not be subject to tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series 25 Preferred Shares. See “Certain Canadian Federal Income Tax Considerations”.

Depository Services

Except as otherwise provided below, the Series 25 Preferred Shares will be issued in “book-entry only” form and must be purchased, transferred, exchanged or redeemed through participants (“**Participants**”) in the depository service of CDS or its nominee. Each of the Underwriters is a Participant. On the closing of this offering, MFC will cause a global certificate or certificates representing the Series 25 Preferred Shares to be delivered to, and registered in the name of, CDS or its nominee. Except as described below, no purchaser of Series 25 Preferred Shares will be entitled to a certificate or other instrument from MFC or CDS evidencing that purchaser’s ownership thereof, and no purchaser will be shown on the records maintained by CDS except through a book-entry account of a Participant acting on behalf of such purchaser. Each purchaser of Series 25 Preferred Shares will receive a customer confirmation of purchase from the registered dealer from which the Series 25 Preferred Shares are purchased in accordance with the practices and procedures of that registered dealer. The practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. CDS will be responsible for establishing and maintaining book-entry accounts for its Participants having interests in the Series 25 Preferred Shares. Reference in this prospectus supplement to a holder of Series 25 Preferred Shares means, unless the context otherwise requires, the owner of the beneficial interest in the Series 25 Preferred Shares.

Neither MFC nor the Underwriters will assume any liability for: (a) any aspect of the records relating to the beneficial ownership of the Series 25 Preferred Shares held by CDS or the payments relating thereto; (b) maintaining, supervising or reviewing any records relating to the Series 25 Preferred Shares; or (c) any advice or representation made by or with respect to CDS and those contained in this prospectus supplement and relating to the rules governing CDS or any action to be taken by CDS or at the direction of Participants. The rules governing CDS provide that it acts as the agent and depository for the Participants. As a result, Participants must look solely to CDS and persons, other than Participants, having an interest in the Series 25 Preferred Shares must look solely to Participants for payments made by or on behalf of MFC to CDS in respect of the Series 25 Preferred Shares.

If MFC determines, or CDS notifies MFC in writing, that CDS is no longer willing or able to discharge properly its responsibilities as depository with respect to the Series 25 Preferred Shares and MFC is unable to locate a qualified successor, or if MFC at its option elects, or is required by law, to withdraw the Series 25 Preferred Shares from the book-entry system, then Series 25 Preferred Shares will be issued in fully registered form to holders or their nominees.

Business Days

If any action is required to be taken by MFC on a day that is not a business day, then such action will be taken on the next succeeding day that is a business day.

Certain Provisions of the Series 26 Preferred Shares as a Series

The following is a summary of certain provisions attaching to the Series 26 Preferred Shares as a series.

Definition of Terms

The following definitions are relevant to the Series 26 Preferred Shares.

“**Floating Quarterly Dividend Rate**” means, for any Quarterly Floating Rate Period, the rate (expressed as a percentage rate rounded down to the nearest one hundred-thousandth of one percent (with 0.000005% being rounded up)) equal to the sum of the

T-Bill Rate on the applicable Floating Rate Calculation Date plus 2.55% (calculated on the basis of the actual number of days elapsed in such Quarterly Floating Rate Period divided by 365).

“**Floating Rate Calculation Date**” means, for any Quarterly Floating Rate Period, the 30th day prior to the first day of such Quarterly Floating Rate Period.

“**Quarterly Commencement Date**” means the 20th day of each of March, June, September and December in each year.

“**Quarterly Floating Rate Period**” means, for the initial Quarterly Floating Rate Period, the period commencing on June 20, 2023 and ending on and including September 19, 2023, and thereafter the period from and including the day immediately following the end of the immediately preceding Quarterly Floating Rate Period to but excluding the next succeeding Quarterly Commencement Date.

“**T-Bill Rate**” means, for any Quarterly Floating Rate Period, the average yield expressed as a percentage per annum on three-month Government of Canada Treasury Bills, as reported by the Bank of Canada, for the most recent treasury bills auction preceding the applicable Floating Rate Calculation Date.

Issue Price

The Series 26 Preferred Shares will have an issue price of \$25.00 per share.

Dividends

The holders of the Series 26 Preferred Shares will be entitled to receive floating rate non-cumulative preferential cash dividends, as and when declared by the Board of Directors, subject to the provisions of the ICA, payable quarterly on the 19th day of March, June, September and December in each year, in a quarterly amount per share determined by multiplying the applicable Floating Quarterly Dividend Rate by \$25.00 (less any applicable withholding tax).

The Floating Quarterly Dividend Rate for each Quarterly Floating Rate Period will be determined by MFC on the 30th day prior to the first day of each Quarterly Floating Rate Period. Such determination will, in the absence of manifest error, be final and binding upon MFC and upon all holders of Series 26 Preferred Shares. MFC will, on the Floating Rate Calculation Date, give written notice of the Floating Quarterly Dividend Rate for the ensuing Quarterly Floating Rate Period to the registered holders of the then outstanding Series 26 Preferred Shares.

If the Board of Directors does not declare the dividends, or any part thereof, on the Series 26 Preferred Shares on or before the dividend payment date for a particular Quarterly Floating Rate Period, then the entitlement of the holders of the Series 26 Preferred Shares to such dividends, or to any part thereof, for such Quarterly Floating Rate Period will be forever extinguished. Payments of dividends and other amounts in respect of the Series 26 Preferred Shares will be made by MFC to CDS, or its nominee, as the case may be, as registered holder of the Series 26 Preferred Shares. As long as CDS, or its nominee, is the registered holder of the Series 26 Preferred Shares, CDS, or its nominee, as the case may be, will be considered the sole owner of the Series 26 Preferred Shares for the purposes of receiving payment on the Series 26 Preferred Shares. See “— Depository Services”.

Redemption

Subject to the provisions of the ICA, including the requirement of obtaining the prior consent of the Superintendent, and subject to certain other restrictions set out in “Share Structure” and “— Restrictions on Dividends and Retirement of Series 26 Preferred Shares”, MFC may, at its option, on at least 30 days but not more than 60 days prior written notice to the registered holders of the Series 26 Preferred Shares, redeem all or from time to time any part of the outstanding Series 26 Preferred Shares by payment in cash of a per share sum equal to (i) \$25.00 in the case of redemptions on June 19, 2028 and on June 19 every five years thereafter, or (ii) \$25.50 in the case of redemptions on any other date after June 19, 2023, in each case with an amount equal to the Accrued Amount up to but excluding the date fixed for redemption (less any applicable withholding tax).

Notice of any redemption will be given to the registered holders of the Series 26 Preferred Shares by MFC at least 30 days but not more than 60 days prior to the date fixed for redemption. If less than all of the outstanding Series 26 Preferred Shares are to be redeemed, the shares to be redeemed shall be selected on a *pro rata* basis disregarding fractions or, if such shares are at such time listed on such exchange, with the consent of the TSX, in such manner as the Board of Directors in its sole discretion may, by resolution, determine.

The Series 26 Preferred Shares do not have a fixed maturity date and are not redeemable at the option of the holders of the Series 26 Preferred Shares. See “Risk Factors”.

Conversion of Series 26 Preferred Shares into Series 25 Preferred Shares

Holders of Series 26 Preferred Shares will have the right, at their option, on June 19, 2028 and on June 19 every five years thereafter (each a “**Series 26 Conversion Date**”) to convert, subject to the restrictions on conversion described below and the payment or delivery to MFC of evidence of payment of the tax (if any) payable, all or any of their Series 26 Preferred Shares registered in their name into Series 25 Preferred Shares on the basis of one Series 25 Preferred Share for each Series 26 Preferred Share. The conversion of Series 26 Preferred Shares may be effected upon written notice given by the registered holders of the Series 26 Preferred Shares not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, a Series 26 Conversion Date.

MFC will, at least 30 days and not more than 60 days prior to the applicable Series 26 Conversion Date, give notice in writing to the then registered holders of the Series 26 Preferred Shares of the above-mentioned conversion right. On the Floating Rate Calculation Date, MFC will give notice in writing to the then registered holders of Series 26 Preferred Shares of the Floating Quarterly Dividend Rate for the next succeeding Quarterly Floating Rate Period and, on the Floating Rate Calculation Date immediately prior to each Series 26 Conversion Date, the Annual Fixed Dividend Rate applicable to the Series 25 Preferred Shares for the next succeeding Subsequent Fixed Rate Period.

If MFC gives notice to the registered holders of the Series 26 Preferred Shares of the redemption on a Series 26 Conversion Date of all the Series 26 Preferred Shares, MFC will not be required to give notice as provided hereunder to the registered holders of the Series 26 Preferred Shares of the Floating Quarterly Dividend Rate, the Annual Fixed Dividend Rate or of the conversion right of holders of Series 26 Preferred Shares and the right of any holder of Series 26 Preferred Shares to convert such Series 26 Preferred Shares will cease and terminate in that event.

Holders of Series 26 Preferred Shares will not be entitled to convert their shares into Series 25 Preferred Shares if MFC determines that there would remain outstanding on a Series 26 Conversion Date less than 1,000,000 Series 25 Preferred Shares, after having taken into account all Series 26 Preferred Shares tendered for conversion into Series 25 Preferred Shares and all Series 25 Preferred Shares tendered for conversion into Series 26 Preferred Shares. MFC will give notice in writing to all registered holders of Series 26 Preferred Shares of their inability to convert their Series 26 Preferred Shares at least seven days prior to the applicable Series 26 Conversion Date. Furthermore, if MFC determines that there would remain outstanding on a Series 26 Conversion Date less than 1,000,000 Series 26 Preferred Shares, after having taken into account all Series 26 Preferred Shares tendered for conversion into Series 25 Preferred Shares and all Series 25 Preferred Shares tendered for conversion into Series 26 Preferred Shares, then, all, but not part, of the remaining outstanding Series 26 Preferred Shares will automatically be converted into Series 25 Preferred Shares on the basis of one Series 25 Preferred Share for each Series 26 Preferred Share, on the applicable Series 26 Conversion Date and MFC will give notice in writing to this effect to the then registered holders of such remaining Series 26 Preferred Shares at least seven days prior to the Series 26 Conversion Date.

Upon exercise by a registered holder of its right to convert Series 26 Preferred Shares into Series 25 Preferred Shares (and upon an automatic conversion), MFC reserves the right not to (a) deliver Series 25 Preferred Shares to (i) any person whose address is in, or who MFC or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada, to the extent that such issue or delivery would require MFC to take any action to comply with the securities, insurance or analogous laws of such jurisdiction or (ii) any person who beneficially owns, or who would own as a result of the conversion, directly, or indirectly through entities controlled by such person or persons associated with or acting jointly or in concert with such person, Series 25 Preferred Shares in excess of 10% of the total number of outstanding Class 1 Shares or (b) record in its securities register a transfer or issue of Series 25 Preferred Shares to any person MFC or its transfer agent has reason to believe is an Ineligible Government Holder based on a declaration submitted to MFC or its transfer agent by or on behalf of such person.

In such circumstances the following procedures will apply: MFC or its agent will hold all or the relevant number of Series 26 Preferred Shares, as agent for any such person, and attempt to sell those Series 26 Preferred Shares (to parties other than MFC and its affiliates) on behalf of any such person. Such sales, if any, will be made at such times, and at such prices, as MFC or its agent in its sole discretion may determine. MFC and its agent will not be subject to any liability for failing to sell Series 26 Preferred Shares on behalf of any such person at any particular price on any particular day. The net proceeds received by MFC or its agent from the sale of Series 26 Preferred Shares will be divided among such persons in proportion to the number of affected Series 26 Preferred Shares held by each one of them, after deducting the cost of sale and any applicable withholding taxes. MFC or its agent will make payment of the aggregate net proceeds to CDS (if the Series 26 Preferred Shares are held in the book-entry only system) or to the registrar and transfer agent (in all other cases) for distribution to such persons in accordance with the customary practice and procedures of CDS or the registrar and transfer agent, as applicable. See “Share Structure”.

Conversion of Series 26 Preferred Shares into Another Series of Class 1 Shares at the Option of the Holder

MFC may, subject to the provisions of the ICA, including the requirement of any necessary consent of the Superintendent, and the New Preferred Shares being listed on a stock exchange, give holders of the Series 26 Preferred Shares notice that they thereafter will have the right, pursuant to the terms of the Series 26 Preferred Shares, at their option, to convert their Series 26 Preferred Shares on the date specified in the notice into fully paid New Preferred Shares on a share for share basis. Notice shall be given by MFC in writing not more than 60 days and not less than 30 days prior to such conversion date. The holders may exercise their conversion right by delivering a conversion notice to MFC or as directed by MFC. If a holder of Series 26 Preferred Shares does not deliver such conversion notice, the holder shall be deemed not to have elected to convert their Series 26 Preferred Shares into New Preferred Shares.

Upon exercise by the holder of this right to convert Series 26 Preferred Shares into New Preferred Shares, MFC reserves the right not to (a) deliver New Preferred Shares to (i) any person whose address is in, or who MFC or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada, to the extent that such issue or delivery would require MFC to take any action to comply with the securities, insurance or analogous laws of such jurisdiction or (ii) any person who beneficially owns, or who would own as a result of the conversion, directly, or indirectly through entities controlled by such person or persons associated with or acting jointly or in concert with such person, New Preferred Shares in excess of 10% of the total number of outstanding Class 1 Shares or (b) record in its securities register a transfer or issue of New Preferred Shares to any person MFC or its transfer agent has reason to believe is an Ineligible Government Holder based on a declaration submitted to MFC or its transfer agent by or on behalf of such person.

In such circumstances the following procedures will apply: MFC or its agent will hold all or the relevant number of Series 26 Preferred Shares that would otherwise be delivered to such persons, as agent for any such person, and attempt to sell those Series 26 Preferred Shares (to parties other than MFC and its affiliates) on behalf of any such person. Such sales, if any, will be made at such times, and at such prices, as MFC or its agent in its sole discretion may determine. MFC and its agent will not be subject to any liability for failing to sell Series 26 Preferred Shares on behalf of any such person at any particular price on any particular day. The net proceeds received by MFC or its agent from the sale of Series 26 Preferred Shares will be divided among such persons in proportion to the number of affected Series 26 Preferred Shares held by each one of them, after deducting the cost of sale and any applicable withholding taxes. MFC or its agent will make payment of the aggregate net proceeds to CDS (if the Series 26 Preferred Shares are held in the book-entry only system) or to the registrar and transfer agent (in all other cases) for distribution to such persons in accordance with the customary practice and procedures of CDS or the registrar and transfer agent, as applicable. See “Share Structure”.

Purchase for Cancellation

Subject to the provisions of the ICA, including the requirement of obtaining the prior consent of the Superintendent, and subject to certain other restrictions set out under “Share Structure” and “— Restrictions on Dividends and Retirement of Series 26 Preferred Shares”, MFC may at any time or times purchase for cancellation all or any part of the Series 26 Preferred Shares outstanding from time to time, by private contract or tender or in the open market, at any price.

Priority

The Series 26 Preferred Shares shall rank on a parity with every other series of the Class 1 Shares with respect to dividends and return of capital. The Series 26 Preferred Shares shall rank equally with the Class A Shares and shall be entitled to a preference over the Class B Shares, the Common Shares and any other shares ranking junior to the Series 26 Preferred Shares with respect to priority in the payment of dividends and in the distribution of assets in the event of any liquidation, dissolution or winding-up of MFC, whether voluntary or involuntary, or any other distribution of the assets of MFC for the purpose of winding-up its affairs.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of MFC, or any other distribution of assets of MFC for the purpose of winding-up its affairs, the holders of Series 26 Preferred Shares will be entitled to receive \$25.00 for each Series 26 Preferred Share held by them, plus any dividends declared and unpaid to the date of distribution, before any amounts are paid or any assets of MFC distributed to holders of any shares ranking junior to the Series 26 Preferred Shares. After payment of those amounts, the holders of Series 26 Preferred Shares will not be entitled to share in any further distribution of the property or assets of MFC.

Voting Rights

Subject to applicable law, holders of the Series 26 Preferred Shares will not be entitled as such to receive notice of or to attend or to vote at any meeting of the shareholders of MFC unless and until the first time at which the rights of such holders to any

undeclared dividends have been extinguished as described under “— Dividends”. In that event, subject to the provisions of the ICA, the holders of the Series 26 Preferred Shares will be entitled to receive notice of, and to attend, only meetings of shareholders of MFC at which directors are to be elected and will be entitled to one vote for each Series 26 Preferred Share held in the election of directors voting together with all other shareholders of MFC who are entitled to vote at such meetings, and the holders of the Series 26 Preferred Shares will not be entitled to vote in respect of any other business conducted at such meetings. The voting rights of the holders of the Series 26 Preferred Shares shall cease upon payment by MFC of the whole amount of a dividend on the Series 26 Preferred Shares to which the holders are entitled subsequent to the time such voting rights first arose. At such time as the rights of such holders to any undeclared dividends on the Series 26 Preferred Shares have again been extinguished, such voting rights shall become effective again and so on from time to time.

Restrictions on Dividends and Retirement of Series 26 Preferred Shares

As long as any of the Series 26 Preferred Shares are outstanding, MFC will not, without the approval of the holders of the Series 26 Preferred Shares given as specified under “— Shareholder Approvals”:

- declare, pay or set apart for payment any dividend on the Common Shares or any other shares ranking junior to the Series 26 Preferred Shares (other than stock dividends in any shares ranking junior to the Series 26 Preferred Shares);
- redeem, purchase or otherwise retire any Common Shares or any other shares ranking junior to the Series 26 Preferred Shares (except out of the net cash proceeds of a substantially concurrent issue of shares ranking junior to the Series 26 Preferred Shares);
- redeem, purchase or otherwise retire less than all of the Series 26 Preferred Shares; or
- except pursuant to any purchase obligation, sinking fund, retraction privilege or mandatory redemption provisions attaching to any series of Preferred Shares redeem, purchase or otherwise retire any other shares ranking on a parity with the Series 26 Preferred Shares;

unless, in each case, all dividends on the Series 26 Preferred Shares up to and including those payable on the dividend payment date for the last completed period for which dividends shall be payable and in respect of which the rights of the holders have not been extinguished, and all dividends then accrued on all other shares ranking senior to or on a parity with the Series 26 Preferred Shares, have been declared and paid or set apart for payment.

Issue of Additional Series of Class 1 Shares and Amendments to the Series 26 Preferred Shares

Although the approval of the holders of the Class 1 Shares voting separately as a class or series is not required on a proposal to amend the by-laws of MFC to create a new class of shares equal to or superior to the Class 1 Shares, MFC will not create any such class of shares superior to the Class 1 Shares without the approval of the holders of the series of Class 1 Shares voting together as a class. MFC may issue other series of Class 1 Shares ranking on a parity with the Series 26 Preferred Shares without the approval of the holders of the Series 26 Preferred Shares. MFC will not without, but may from time to time with, the approval of the holders of the Series 26 Preferred Shares given as specified under “— Shareholder Approvals” and the prior consent of the Superintendent, add, delete or vary any rights, privileges, restrictions and conditions attaching to the Series 26 Preferred Shares.

Shareholder Approvals

Any approval given by the holders of Series 26 Preferred Shares shall be deemed to have been sufficiently given if it shall have been given by a resolution passed with the affirmative vote of not less than 66 2/3% of the votes cast at a meeting of the holders of the Series 26 Preferred Shares duly called and held, in accordance with the terms and conditions attaching to the Series 26 Preferred Shares and the Class 1 Shares as a class, as if such class provisions referred to authorization by holders of the Series 26 Preferred Shares.

Tax Election

The Series 26 Preferred Shares will be “taxable preferred shares” as defined in the Tax Act. The terms of the Series 26 Preferred Shares require MFC to make the necessary election under Part VI.1 of the Tax Act so that corporate holders will not be subject to tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series 26 Preferred Shares. See “Certain Canadian Federal Income Tax Considerations”.

Depository Services

If issued, the Series 26 Preferred Shares will be in “book-entry only” form unless MFC elects otherwise and may be purchased, held and transferred in substantially the same manner as the Series 25 Preferred Shares. See “Details of the Offering — Certain Provisions of the Series 25 Preferred Shares as a Series — Depository Services”.

Business Days

If any action is required to be taken by MFC on a day that is not a business day, then such action will be taken on the next succeeding day that is a business day.

RATINGS

The Series 25 Preferred Shares have been assigned a provisional rating of Pfd-2 with a Stable trend by DBRS Limited (“**DBRS**”) and a provisional rating of P-2 (High) and BBB+ by S&P Global Ratings, acting through Standard & Poor’s Financial Services LLC (“**S&P**”), using S&P’s Canadian preferred share scale and S&P’s global debt rating scale, respectively.

A Pfd-2 rating by DBRS is the second highest of three subcategories within the second highest of six categories used by DBRS for preferred shares. According to the DBRS rating system, preferred shares rated Pfd-2 are of satisfactory credit quality. Protection of dividends and principal is still substantial, but earnings, the balance sheet and coverage ratios are not as strong as “Pfd-1” rated companies. Each category is denoted by the subcategories “high” and “low”. The absence of either a “high” or “low” designation indicates the rating is in the middle of the category. A rating trend, expressed as “Positive”, “Stable” or “Negative”, provides guidance in respect of DBRS’ opinion regarding the outlook for the rating.

A P-2 (High) rating by S&P is the highest of three subcategories within the second highest of eight categories used by S&P in its Canadian preferred share scale. Correspondingly, a BBB+ rating is the highest of three subcategories within the third highest of nine categories used by S&P in its global debt rating scale. According to the S&P rating system, preferred shares rated P-2 (High) exhibit adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation. S&P Canadian preferred share scale ratings may be modified by the addition of “High” or “Low” to show relative standing within the major rating categories. S&P global debt rating scale ratings may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

Credit ratings are intended to provide investors with an independent assessment of the credit quality of an issue or issuer of securities and do not speak to the suitability of particular securities for any particular investor. The credit ratings assigned to the Series 25 Preferred Shares may not reflect the potential impact of all risks on the value of the Series 25 Preferred Shares. A rating is therefore not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating agency. Prospective investors should consult the relevant rating organization with respect to the interpretation and implications of the ratings.

MFC has paid customary rating fees to DBRS and S&P in connection with the above-mentioned ratings and will pay customary rating fees to DBRS and S&P in connection with the confirmation of such ratings for purposes of this offering. In addition, MFC has made customary payments in respect of certain other services provided to MFC by each of DBRS and S&P during the last two years.

PLAN OF DISTRIBUTION

Pursuant to the underwriting agreement between MFC and the Underwriters dated February 12, 2018 (the “**Underwriting Agreement**”), MFC has agreed to sell and the Underwriters have severally agreed to purchase on February 20, 2018 or such later date as may be agreed upon, subject to the terms and conditions stated therein, all but not less than all of the 10,000,000 Series 25 Preferred Shares at a price of \$25.00 per Series 25 Preferred Share (the “**Offering Price**”) payable in cash to MFC against delivery of such Series 25 Preferred Shares. The Offering Price was determined by negotiation between MFC and the Underwriters. The obligations of the Underwriters under the Underwriting Agreement may be terminated at their discretion upon the occurrence of certain stated events. Such events include, but are not limited to: (i) there has been any inquiry, investigation or other proceeding (whether formal or informal) instituted or threatened, or any order or ruling made, threatened or announced by any Canadian or United States federal, provincial, state or other governmental authority, any Canadian securities regulatory authority or any other securities regulatory authority with jurisdiction over MFC or any of its subsidiaries, or any law or regulation promulgated or changed which, in the reasonable opinion of the Underwriters, operates to prevent or restrict trading in or distribution of the Series 25 Preferred Shares; (ii) there has occurred any material change or change in a material fact or the Underwriters become aware of an undisclosed material fact which, in the reasonable opinion of the Underwriters, could reasonably be expected to have a significant adverse effect on the market price or value of the Series 25 Preferred Shares or to result in purchasers of a material number of the Series 25 Preferred Shares exercising their right under Canadian securities laws to withdraw from or rescind their purchase thereof or sue for damages in respect thereof; (iii) (A) there has developed, occurred or come into effect or existence any occurrence of national or international consequence or any action, governmental law or regulation, inquiry or other occurrence of any nature whatsoever, or (B) there has been any attack on, outbreak or escalation of hostilities or acts of terrorism involving Canada or the United States, any declaration of war by Canada or the United States or any other substantial national or international calamity or emergency, which, in the reasonable opinion of the Underwriters, seriously adversely affects, or involves, or will seriously adversely affect, or involve, the financial markets or the business, operations or affairs of MFC and its subsidiaries taken as a whole and in the reasonable opinion of the Underwriters such event would reasonably be expected to have a significant adverse effect on the market price or value of the Series 25 Preferred Shares; or (iv) there has been and remains at the time of closing on the Closing Date any adverse change in the assigned ratings on the Series 25 Preferred Shares by DBRS or S&P. The Underwriters are, however, obligated to take up and pay for all of the Series 25 Preferred Shares if any Series 25 Preferred Shares are purchased under the Underwriting Agreement.

The Underwriting Agreement provides that the Underwriters will be paid an Underwriters’ fee per share equal to \$0.25 with respect to Series 25 Preferred Shares sold to certain institutions and \$0.75 with respect to all other Series 25 Preferred Shares. Assuming no Series 25 Preferred Shares are sold to such institutions, the Underwriters’ fee would be \$7,500,000.

MFC has granted the Underwriters the Underwriters’ Option, exercisable in whole or in part at any time up to 48 hours prior to 8:00 a.m. (Toronto time) on the Closing Date, to purchase up to an additional 2,000,000 Series 25 Preferred Shares at the Offering Price. This prospectus supplement qualifies the grant of the Underwriters’ Option and the distribution of the Option Shares issuable upon exercise of the Underwriters’ Option. The Underwriters will be paid an Underwriters’ fee equal to \$0.25 with respect to Option Shares sold to certain institutions and \$0.75 with respect to all other Option Shares.

The Underwriters propose to offer the Series 25 Preferred Shares initially at the Offering Price. After a reasonable effort has been made to sell all of the Series 25 Preferred Shares at the Offering Price, the Underwriters may subsequently reduce and thereafter change, from time to time, the price at which the Series 25 Preferred Shares are offered to an amount not greater than the Offering Price. The compensation realized by the Underwriters will be decreased by the amount that the aggregate price paid by purchasers for the Series 25 Preferred Shares is less than the gross proceeds paid by the Underwriters to MFC.

The Underwriters may not, throughout the period of distribution, bid for or purchase the Series 25 Preferred Shares. The foregoing restriction is subject to certain exceptions, on the condition that the bid or purchase not be engaged in for the purpose of creating actual or apparent active trading in, or raising the price of the Series 25 Preferred Shares. These exceptions include a bid or purchase permitted under the Universal Market Integrity Rules administered by the Investment Industry Regulatory Organization of Canada relating to market stabilization and passive market-making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. MFC has been advised that, in connection with this offering and subject to the foregoing, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Series 25 Preferred Shares at a higher level than that which might exist in the open market. These transactions may be commenced, interrupted or discontinued at any time.

The Series 25 Preferred Shares and the Series 26 Preferred Shares have been conditionally approved for listing on the TSX, subject to MFC fulfilling all of the listing requirements of the TSX.

Manulife Securities Incorporated, one of the Underwriters, is a wholly-owned subsidiary of MFC. By virtue of such ownership, MFC is a related and connected issuer of Manulife Securities Incorporated under applicable securities laws.

The decision to distribute the Series 25 Preferred Shares and the determination of the terms of this offering were made through negotiations between MFC and the Underwriters. Manulife Securities Incorporated will not receive any benefit in connection with this offering, other than its share of the Underwriters' fee payable by MFC.

Under applicable securities laws, RBC Dominion Securities Inc., Scotia Capital Inc. and TD Securities Inc. are each independent underwriters acting as principals in connection with this offering and are not related or connected to MFC. In that capacity, RBC Dominion Securities Inc., Scotia Capital Inc. and TD Securities Inc., have participated with all other Underwriters in due diligence meetings relating to this prospectus supplement with us and our representatives, have reviewed this prospectus supplement and have had the opportunity to propose such changes to this prospectus supplement as they considered appropriate. In addition, RBC Dominion Securities Inc., Scotia Capital Inc. and TD Securities Inc., have participated, together with the other Underwriters, in the structuring and pricing of this offering.

Each of the Underwriters has represented and agreed that it will not solicit offers to purchase or sell the Series 25 Preferred Shares so as to require registration thereof or filing of a prospectus with respect thereto under the laws of any jurisdiction including, without limitation, the United States, except as set forth in the Underwriting Agreement.

Neither the Series 25 Preferred Shares nor the Series 26 Preferred Shares have been or will be registered under the U.S. Securities Act or the securities laws of any state of the United States and may not be offered, sold or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person (as defined in Regulation S), except in certain transactions exempt from registration under of the U.S. Securities Act and applicable U.S. state securities laws.

This prospectus supplement does not constitute an offer to sell or a solicitation of an offer to buy any of the Series 25 Preferred Shares or the Series 26 Preferred Shares in the United States. In addition, until 40 days after the commencement of this offering, an offer or sale of Series 25 Preferred Shares or the Series 26 Preferred Shares within the United States by any dealer (whether or not participating in this offering) may violate the registration requirements of the U.S. Securities Act if such offer or sale is made otherwise than in accordance with an exemption from the registration requirements of the U.S. Securities Act.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Torys LLP and McCarthy Tétrault LLP, the following is a summary of the principal Canadian federal income tax considerations generally applicable to a purchaser of Series 25 Preferred Shares acquired pursuant to this prospectus supplement and Series 26 Preferred Shares acquired upon the conversion of the Series 25 Preferred Shares so acquired who at all relevant times, within the meaning of the Tax Act, is or is deemed to be resident in Canada, deals at arm's length with MFC and each of the Underwriters, is not affiliated with MFC or any of the Underwriters, holds the Series 25 Preferred Shares and any Series 26 Preferred Shares as capital property and is not exempt from tax under Part I of the Tax Act (a "**Purchaser**"). The Canadian federal income tax considerations generally applicable to a holder of New Preferred Shares acquired upon a conversion of Series 25 Preferred Shares or Series 26 Preferred Shares will depend on the terms of the New Preferred Shares, if constituted, and are not described herein.

Generally, the Series 25 Preferred Shares and the Series 26 Preferred Shares will be capital property to a Purchaser provided the Purchaser does not hold such shares in the course of carrying on a business of trading or dealing in securities and does not acquire them as part of an adventure or concern in the nature of a trade. Certain Purchasers who might not otherwise be considered to hold Series 25 Preferred Shares or Series 26 Preferred Shares as capital property may, in certain circumstances, be entitled to have them and every other "Canadian security" (as defined in the Tax Act) owned by such Purchaser in the taxation year of the election and all subsequent taxation years, treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act.

This summary is not applicable to a Purchaser: (i) that is a "financial institution", as defined in the Tax Act for the purposes of the "mark to market property" rules, (ii) an interest in which would be a "tax shelter investment", as defined in the Tax Act or (iii) that has elected to report its "Canadian tax results" (as defined in the Tax Act), in a currency other than Canadian currency, (iv) that enters into a "derivative forward agreement" or "synthetic disposition arrangement" (each as defined in the Tax Act), in respect of the Series 25 Preferred Shares or the Series 26 Preferred Shares or (v) that receives dividends on the Series 25 Preferred Shares or the Series 26 Preferred Shares where there is, in respect of such shares, a "dividend rental arrangement" (as defined in the Tax Act). Such Purchasers should consult their own tax advisers having regard to their particular circumstances. Furthermore, this summary is not applicable to a Purchaser that is a "specified financial institution" (as defined in the Tax Act) that receives or is deemed to receive, alone or together with persons with whom it does not deal at arm's length, in the aggregate dividends in respect of more than 10% of the Series 25 Preferred Shares or the Series 26 Preferred Shares, as the case may be, outstanding at the time the dividend is received. This summary also assumes that all issued and outstanding Series 25 Preferred Shares or Series 26 Preferred Shares are listed on a "designated stock exchange" (as defined in the Tax Act) in Canada at such times as dividends (including deemed dividends) are paid or received on such shares.

This summary is based upon the facts set out in this prospectus supplement and the prospectus, the current provisions of the Tax Act in force on the date of this prospectus supplement, all specific proposals to amend the Tax Act publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the “**Proposals**”) and counsel’s understanding of the current administrative policies and assessing practices of the Canada Revenue Agency (the “**CRA**”) published by the CRA prior to the date of this prospectus supplement. There can be no assurance that the Proposals will be implemented in their current form or at all. This summary is not exhaustive of all possible income tax considerations and, except for the Proposals, does not otherwise take into account or anticipate any changes in law, whether by judicial, governmental or legislative decision or action, or changes in the administrative policies or assessing practices of the CRA, nor does it take into account other federal tax legislation or considerations or the tax legislation or considerations of any province, territory or foreign jurisdiction. The provisions of provincial income tax legislation vary from province to province in Canada and in some cases differ from federal income tax legislation.

On July 18, 2017, the Minister of Finance (Canada) released a consultation paper that included an announcement of its intention to amend the Tax Act to address certain perceived tax advantages of earning passive investment income through a private corporation. On October 18, 2017, the Minister of Finance (Canada) announced that the government was considering how to proceed with these proposals while taking into account the feedback received on the consultation paper. No specific amendments to the Tax Act were proposed in connection with these announcements. This summary does not take into account, and the Proposals do not include, the consultation paper. Purchasers that are private Canadian corporations should consult their own tax advisors.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular Purchaser, and no representations with respect to the income tax consequences to any particular Purchaser are made. Accordingly, prospective Purchasers are urged to consult their own tax advisers for advice with respect to the tax consequences to them of acquiring, holding and disposing of the Series 25 Preferred Shares and Series 26 Preferred Shares, including the application and effect of the income and other tax laws of any foreign jurisdiction or any province, territory or local tax authority.

Dividends

Dividends (including deemed dividends) received on the Series 25 Preferred Shares or the Series 26 Preferred Shares by a Purchaser that is an individual (other than certain trusts) will be included in the individual’s income and generally will be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received by individuals from taxable Canadian corporations, including the enhanced dividend gross-up and dividend tax credit rules applicable to any dividends designated by MFC as “eligible dividends” in accordance with the Tax Act.

Dividends (including deemed dividends) received on the Series 25 Preferred Shares or the Series 26 Preferred Shares by a Purchaser that is a corporation will be included in computing the corporation’s income and will generally be deductible in computing the taxable income of the corporation. In certain circumstances, subsection 55(2) of the Tax Act will treat a taxable dividend received by a Purchaser that is a corporation as proceeds of disposition or a capital gain. Purchasers that are corporations are urged to consult their own tax advisors having regard to their particular circumstances.

The Series 25 Preferred Shares and the Series 26 Preferred Shares will be “taxable preferred shares” (as defined in the Tax Act). The terms of the Series 25 Preferred Shares and the Series 26 Preferred Shares require MFC to make the necessary election under Part VI.1 of the Tax Act so that Purchasers that are corporations will not be subject to tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series 25 Preferred Shares and the Series 26 Preferred Shares.

A Purchaser that is a “private corporation” (as defined in the Tax Act) or any other corporation controlled, whether by reason of a beneficial interest in one or more trusts or otherwise, by or for the benefit of an individual (other than a trust) or a related group of individuals (other than trusts), will generally be liable to pay a refundable tax under Part IV of the Tax Act on dividends received (or deemed to be received) on the Series 25 Preferred Shares and the Series 26 Preferred Shares to the extent such dividends are deductible in computing its taxable income.

Dispositions

A Purchaser who disposes of or is deemed to dispose of the Series 25 Preferred Shares or the Series 26 Preferred Shares (including on redemption of the shares or other acquisition by MFC but not including a conversion) will generally realize a capital gain (or sustain a capital loss) to the extent that the proceeds of disposition, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such shares to such Purchaser. The amount of any deemed dividend arising on the redemption or acquisition by MFC of Series 25 Preferred Shares or the Series 26 Preferred Shares will generally not be included in computing the proceeds of disposition of a Purchaser for purposes of computing the capital gain or capital loss arising on the disposition of such shares. See “Redemption”. If the shareholder is a corporation, any such capital loss may in certain

circumstances (including on redemption of the share or other acquisition by MFC) be reduced by the amount of any dividends, including deemed dividends, which have been received on such shares, or a share which has been converted into such share, to the extent and under the circumstances prescribed by the Tax Act. Analogous rules apply to a partnership or trust of which a corporation, trust or partnership is a member or beneficiary.

Generally, one-half of any capital gain (a “**taxable capital gain**”) will be included in computing the Purchaser’s income as a taxable capital gain. One-half of any capital loss (an “**allowable capital loss**”) realized in a taxation year must be deducted from the Purchaser’s taxable capital gains realized in that year in accordance with the rules contained in the Tax Act. Allowable capital losses in excess of taxable capital gains realized in a taxation year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years, to the extent and under the circumstances described in the Tax Act. Taxable capital gains of a “Canadian-controlled private corporation” (as defined in the Tax Act) may be subject to an additional refundable tax.

Redemption

If MFC redeems for cash or otherwise acquires the Series 25 Preferred Shares or the Series 26 Preferred Shares, other than by a purchase in the manner in which shares are normally purchased by a member of the public in the open market, the Purchaser will be deemed to have received a dividend equal to the amount, if any, paid by MFC, including any redemption premium, in excess of the paid-up capital of such shares at such time as computed for purposes of the Tax Act. See “Dividends”. Generally, the proceeds of disposition for purposes of computing the capital gain or capital loss arising on the disposition of such share will be equal to the amount paid by MFC on redemption or acquisition of such share, including any redemption premium, less the amount of the deemed dividend, if any. See “Dispositions”. In the case of a Purchaser that is a corporation, it is possible that in certain circumstances all or part of the amount so deemed to be a dividend may be treated as proceeds of disposition and not as a dividend.

Conversion

The conversion of a Series 25 Preferred Share into a Series 26 Preferred Share or a New Preferred Share and the conversion of a Series 26 Preferred Share into a Series 25 Preferred Share or a New Preferred Share will be deemed not to be a disposition of property and accordingly will not give rise to any capital gain or capital loss. The cost to a Purchaser of a Series 26 Preferred Share, a Series 25 Preferred Share or a New Preferred Share, as the case may be, received on the conversion will be deemed to be equal to the Purchaser’s adjusted cost base of the converted Series 25 Preferred Share or Series 26 Preferred Share, as the case may be, immediately before the conversion. The adjusted cost base of all of the Series 25 Preferred Shares, Series 26 Preferred Shares or New Preferred Shares held by the Purchaser will be determined in accordance with the cost averaging rules in the Tax Act.

Alternative Minimum Tax

A capital gain realized, or a dividend received or deemed to be received, by a Purchaser that is an individual or a trust (other than certain specified trusts) may give rise to a liability for alternative minimum tax.

EARNINGS COVERAGE RATIOS

For the twelve months ended December 31, 2017:

After giving effect to the offering of Series 25 Preferred Shares (assuming the exercise in full of the Underwriters’ Option), MFC’s dividend requirements on all of its outstanding Preferred Shares (the “**MFC Dividends**”), as adjusted to a before-tax equivalent using an effective income tax rate of 9.5% for the 12 months ended December 31, 2017 would have amounted to \$188 million for the 12 months ended December 31, 2017.

After giving effect to the redemption of the MLI 2.819% Debentures on February 26, 2018, the interest requirements (the “**MFC Debt Interest**”) on the senior and subordinated long-term indebtedness of MFC, the subordinated long-term indebtedness of MLI, the surplus notes of John Hancock Life Insurance Company (U.S.A.), the subordinated notes issued by John Hancock Financial Corporation to Manulife Finance (Delaware) LLC, plus other notes payable (the “**MFC Debt**”) net of related currency and interest rate swaps for the 12 months ended December 31, 2017 would have amounted to \$568 million.

The “**MFC Aggregate Debt Interest**”, defined as the sum of (a) the MFC Debt Interest net of related currency and interest rate swaps, and (b) interest requirements on the liabilities for capital instruments related to the Manulife Financial Capital Trust II Notes – Series 1 (the “**MaCS II**”) for the 12 months ended December 31, 2017 would have amounted to \$643 million.

The “MFC Total Debt Interest”, defined as the sum of (a) the interest requirements on other outstanding indebtedness and (b) MFC Aggregate Debt Interest, for the 12 months ended December 31, 2017 would have amounted to \$813 million. From MFC’s perspective, the other outstanding indebtedness represents operational leverage, not financial leverage.

The consolidated earnings of MFC before the deduction of MFC Aggregate Debt Interest and income taxes for the 12 months ended December 31, 2017 amounted to \$3,150 million. This amount is approximately 4.2 times the MFC Debt Interest and MFC Dividends, and approximately 3.8 times the MFC Aggregate Debt Interest and MFC Dividends for the same period.

The consolidated earnings of MFC before the deduction of MFC Total Debt Interest and income taxes for the 12 months ended December 31, 2017 amounted to \$3,319 million. This amount is approximately 3.3 times the MFC Total Debt Interest and MFC Dividends for the same period.

USE OF PROCEEDS

The net proceeds from the sale of the Series 25 Preferred Shares offered by this prospectus supplement will amount to approximately \$242 million (or \$291 million if the Underwriters’ Option is exercised in full) after deducting the Underwriters’ fee and estimated expenses of the issue. MFC intends to use the net proceeds for general corporate purposes, including funding the recently announced redemption of the MLI 2.819% Debentures.

This issue will increase MFC’s Tier 1 capital determined in accordance with the capital adequacy standards established by the Superintendent.

RISK FACTORS

An investment in the Series 25 Preferred Shares is subject to various risks, including those risks inherent in investing in a diversified financial institution. Before deciding whether to invest in the Series 25 Preferred Shares, prospective investors should carefully consider the risks relating to Manulife and the other information in this prospectus supplement, the prospectus and the documents incorporated by reference in this prospectus supplement and the prospectus, including the risks and uncertainties discussed under “Risk Management”, “Risk Factors” and “Critical Accounting and Actuarial Policies” in our most recent management’s discussion and analysis, in the “Risk Management” note to our most recent consolidated financial statements and elsewhere in MFC’s filings with Canadian and U.S. securities regulatory authorities.

The risks and uncertainties described below, in the prospectus and in the documents incorporated by reference are not the only ones we may face. Additional risks and uncertainties that we are unaware of, or that we currently deem to be immaterial, may also become important factors that affect us. If any of these risks actually occurs, our business, financial condition or results of operations could be materially adversely affected, with the result that the trading price of the Series 25 Preferred Shares and Series 26 Preferred Shares could decline and investors could lose all or part of their investment.

Risks Relating to the Series 25 Preferred Shares and the Series 26 Preferred Shares

The value of the Series 25 Preferred Shares and the Series 26 Preferred Shares will be affected by our general creditworthiness.

The value of the Series 25 Preferred Shares and the Series 26 Preferred Shares will be affected by our general creditworthiness. Real or anticipated changes in credit ratings on the Series 25 Preferred Shares or the Series 26 Preferred Shares may affect the market value of the Series 25 Preferred Shares and the Series 26 Preferred Shares, respectively. No assurance can be given that any credit rating assigned to the Series 25 Preferred Shares or the Series 26 Preferred Shares will not be lowered or withdrawn entirely by the relevant rating agency. In addition, real or anticipated changes in credit ratings could adversely impact the marketability of the insurance and wealth management products offered by us and could affect the cost at which we obtain funding, thereby affecting our liquidity, business, financial condition or results of operations.

During 2017, S&P, Moody’s Investors Service, Inc., a subsidiary of Moody’s Corporation, DBRS, Fitch Ratings Inc. and A.M. Best Company maintained their assigned ratings of MFC and its primary insurance operating companies. All ratings assigned by the five rating agencies are with a stable outlook.

Credit rating agencies remain concerned with: (i) our capital and net earnings volatility associated with fair-value accounting; (ii) net exposures to equity markets and lower interest rates; and (iii) challenges associated with managing in-force long term care, universal life with secondary guarantees, and variable annuity products in the U.S. Some credit rating agencies also view our financial leverage and earnings coverage metrics as not meeting expectations. There can be no guarantee that downgrades will not occur.

The Series 25 Preferred Shares and Series 26 Preferred Shares are non-cumulative and there is a risk MFC will be unable to pay dividends on the shares.

The Series 25 Preferred Shares and the Series 26 Preferred Shares are non-cumulative and dividends are payable at the discretion of the Board of Directors. See “Earnings Coverage Ratios” and “Share Structure” which are relevant to an assessment of the risk that MFC will be unable to pay dividends on the Series 25 Preferred Shares or the Series 26 Preferred Shares.

MFC has covenanted for the benefit of holders of the outstanding MaCS II — Series 1, that, if an “Other Deferral Event” as defined in the applicable agreement occurs, MFC will not declare or pay cash dividends on its Preferred Shares, which would include the Series 25 Preferred Shares and the Series 26 Preferred Shares, until the sixth month following the relevant Other Deferral Event date. An Other Deferral Event will occur if interest is not paid in full in cash on the MaCS II — Series 1 on any interest payment date or if MLI elects that holders of MaCS II — Series 1 invest interest payable on the MaCS II — Series 1 on any interest payment date in a new series of MLI Class 1 Shares.

Our holding company structure may adversely affect the ability of the holders of Series 25 Preferred Shares and Series 26 Preferred Shares to receive payments on the shares.

MFC is a holding company that relies on dividends and interest payments from its insurance and other subsidiaries as the principal source of cash flow to meet its obligations with respect to the Series 25 Preferred Shares and the Series 26 Preferred Shares. As a result, MFC’s cash flows and ability to service its obligations, including the Series 25 Preferred Shares and the Series 26 Preferred Shares, are dependent upon the earnings of its subsidiaries and the distribution of those earnings and other funds by its subsidiaries to it. Substantially all of MFC’s business is currently conducted through its subsidiaries. In addition, the Superintendent is considering capital requirements for MLI on a stand-alone basis that could further restrict dividends and other distributions to MFC.

MLI is MFC’s principal operating subsidiary. The payment of dividends to MFC by MLI is subject to restrictions set out in the ICA. The ICA prohibits the declaration or payment of any dividend on shares of an insurance company if there are reasonable grounds for believing: (i) the company does not have adequate capital and adequate and appropriate forms of liquidity; or (ii) the declaration or the payment of the dividend would cause the company to be in contravention of any regulation made under the ICA respecting the maintenance of adequate capital and adequate and appropriate forms of liquidity, or of any direction made to the company by the Superintendent. All of our U.S. and Asian operating life insurance companies are subsidiaries of MLI. Accordingly, a restriction on dividends from MLI would restrict MFC’s ability to obtain dividends from its U.S. and Asian businesses.

Certain of MFC’s U.S. insurance subsidiaries also are subject to insurance laws in Michigan, New York and Massachusetts, the jurisdictions in which these subsidiaries are domiciled, which impose general limitations on the payment of dividends and other upstream distributions by these subsidiaries to MLI. Our Asian insurance subsidiaries are also subject to restrictions in the jurisdictions in which these subsidiaries are domiciled which could affect their ability to pay dividends to MLI in certain circumstances. In addition, the ability of MFC’s insurance subsidiaries to pay dividends to MFC in the future will depend on their earnings and regulatory restrictions. These subsidiaries are subject to a variety of insurance and other laws and regulations that vary by jurisdiction and are intended to protect policyholders and beneficiaries in that jurisdiction first and foremost, rather than investors. These subsidiaries are generally required to maintain solvency and capital standards as set by their local regulators and may also be subject to other regulatory restrictions, all of which may limit the ability of subsidiary companies to pay dividends or make distributions to MFC. Such limits could have a material adverse effect on MFC’s liquidity, including its ability to pay dividends to shareholders and service its debt.

Potential changes to regulatory capital and actuarial and accounting standards could also limit the ability of the insurance subsidiaries to pay dividends or make distributions and could have a material adverse effect on MFC’s liquidity and on internal capital mobility, including on MFC’s ability to pay dividends to shareholders and service its debt. We may be required to raise additional capital, which could be dilutive to existing shareholders, or to limit the new business we write, or to pursue actions that would support capital needs but adversely impact our subsequent earnings potential. In addition, the timing and outcome of these initiatives could have a significantly adverse impact on our competitive position relative to that of other Canadian and international financial institutions with which we compete for business and capital.

MFC seeks to maintain capital in its insurance subsidiaries in excess of the minimum required in all jurisdictions in which MFC does business. The minimum requirements in each jurisdiction may increase due to regulatory changes and we may decide to maintain additional capital in our operating subsidiaries to fund expected growth of the business or to deal with changes in the risk profile of such subsidiaries. Any such increases in the level of capital may reduce the ability of the operating companies to pay dividends and have a material adverse effect on MFC’s liquidity.

The Series 25 Preferred Shares and Series 26 Preferred Shares will be structurally subordinated to all existing and future liabilities of our subsidiaries.

The Series 25 Preferred Shares and the Series 26 Preferred Shares are equity capital of MFC which rank equally with other Class 1 Shares, and every series of Class A Shares, in the event of an insolvency or winding-up of MFC. If MFC becomes insolvent or is wound-up, its assets must be used to satisfy outstanding indebtedness and other liabilities of MFC, including subordinated indebtedness of MFC, before payment may be made on the Series 25 Preferred Shares or the Series 26 Preferred Shares.

Our subsidiaries have no obligation to pay any amounts due on the Series 25 Preferred Shares and the Series 26 Preferred Shares. Furthermore, except to the extent MFC has a priority or equal claim against its subsidiaries as a creditor, the Series 25 Preferred Shares and the Series 26 Preferred Shares will be structurally subordinated to debt and preferred shares at the subsidiary level because, as the common shareholder of its subsidiaries, MFC will be subject to the prior claims of creditors of its subsidiaries. As a result, a holder of Series 25 Preferred Shares or Series 26 Preferred Shares will not have any claim as a creditor against our subsidiaries. Accordingly, the Series 25 Preferred Shares and the Series 26 Preferred Shares are structurally subordinated to all liabilities of MFC's subsidiaries, including liabilities to policyholders and contract holders. Therefore, holders of Series 25 Preferred Shares or Series 26 Preferred Shares should rely only on MFC's assets for payments on the shares. As of December 31, 2017, MFC's subsidiaries had \$5,773 million of long-term debt and capital instruments.

The market value of the Series 25 Preferred Shares and the Series 26 Preferred Shares may fluctuate.

Prevailing yields on similar securities will affect the market value of the Series 25 Preferred Shares and the Series 26 Preferred Shares. Assuming all other factors remain unchanged, the market value of the Series 25 Preferred Shares and the Series 26 Preferred Shares would be expected to decline as prevailing yields for similar securities rise, and would be expected to increase as prevailing yields for similar securities decline. Spreads over the Government of Canada Yield, T-Bill Rate and comparable benchmark rates of interest for similar securities will also affect the market value of the Series 25 Preferred Shares and the Series 26 Preferred Shares in an analogous manner.

From time to time, the financial markets experience significant price and volume volatility that may affect the market price of the Series 25 Preferred Shares and the Series 26 Preferred Shares for reasons unrelated to our performance. The continuing volatility in financial markets may adversely affect us and the market price of the Series 25 Preferred Shares and the Series 26 Preferred Shares. Also, the financial markets are generally characterized by extensive interconnections among financial institutions. As such, defaults by other financial institutions in Canada, the United States or other countries could adversely affect us and the market price of the Series 25 Preferred Shares and the Series 26 Preferred Shares. Additionally, the value of the Series 25 Preferred Shares and the Series 26 Preferred Shares are subject to market value fluctuations based upon factors which influence our operations, such as legislative or regulatory developments, competition, technological change and global capital market activity.

We are subject to an extensive regulatory regime that is designed to protect policyholders and beneficiaries first and foremost, not shareholders.

We are subject to extensive regulatory oversight in the jurisdictions in which we do business. These regulations are primarily intended to protect policyholders and beneficiaries first and foremost, not shareholders. Our business could be adversely affected by changes in applicable law or regulation or the interpretation or enforcement thereof.

The redemption or purchase by MFC of the Series 25 Preferred Shares and the Series 26 Preferred Shares is subject to the consent of the Superintendent and other restrictions contained in the ICA. See "Share Structure".

There is no existing public market for the Series 25 Preferred Shares or the Series 26 Preferred Shares, a market may not develop and purchasers may have to hold their shares indefinitely.

There is currently no market through which the Series 25 Preferred Shares and the Series 26 Preferred Shares may be sold. No assurance can be given as to whether an active trading market will develop or be maintained for the Series 25 Preferred Shares and the Series 26 Preferred Shares. To the extent that an active trading market for the Series 25 Preferred Shares and the Series 26 Preferred Shares does not develop, the liquidity and trading prices for the Series 25 Preferred Shares and the Series 26 Preferred Shares may be adversely affected. If the Series 25 Preferred Shares and the Series 26 Preferred Shares are traded after their initial issuance, they may trade at a discount from their initial price depending on prevailing interest rates, the market for similar securities, our performance and other factors.

Other Risk Factors Specific to the Series 25 Preferred Shares and the Series 26 Preferred Shares.

Neither Series 25 Preferred Shares nor the Series 26 Preferred Shares have a fixed maturity date and are not redeemable at the option of the holders of Series 25 Preferred Shares or Series 26 Preferred Shares, as applicable. The ability of a holder to liquidate its holdings of Series 25 Preferred Shares or Series 26 Preferred Shares, as applicable, may be limited.

MFC may choose to redeem the Series 25 Preferred Shares and the Series 26 Preferred Shares from time to time, in accordance with MFC's rights described under "Details of the Offering — Certain Provisions of the Series 25 Preferred Shares as a Series — Redemption" and "Details of the Offering — Certain Provisions of the Series 26 Preferred Shares as a Series — Redemption", including when prevailing interest rates are lower than yield borne by the Series 25 Preferred Shares and the Series 26 Preferred Shares. If prevailing rates are lower at the time of redemption, a purchaser would not be able to reinvest the redemption proceeds in a comparable security at an effective yield as high as the yield on the Series 25 Preferred Shares or the Series 26 Preferred Shares being redeemed. MFC's redemption right also may adversely impact a purchaser's ability to sell Series 25 Preferred Shares and Series 26 Preferred Shares as the optional redemption date or period approaches.

The dividend rate in respect of the Series 25 Preferred Shares will reset on June 19, 2023 and on June 19 every five years thereafter. The dividend rate in respect of the Series 26 Preferred Shares will reset quarterly. In each case, the new dividend rate is unlikely to be the same as, and may be lower than, the dividend rate for the applicable preceding dividend period.

Investments in the Series 26 Preferred Shares, given their floating interest component, entail significant risks not associated with investments in the Series 25 Preferred Shares. The resetting of the applicable rate on a Series 26 Preferred Share may result in a lower yield compared to fixed rate Series 25 Preferred Shares. The applicable rate on a Series 26 Preferred Share will fluctuate in accordance with fluctuations in the T-Bill Rate on which the applicable rate is based, which in turn may fluctuate and be affected by a number of interrelated factors, including economic, financial and political events over which we have no control.

An investment in the Series 25 Preferred Shares, or in the Series 26 Preferred Shares, as the case may be, may become an investment in Series 26 Preferred Shares, or in Series 25 Preferred Shares, respectively, without the consent of the holder in the event of an automatic conversion in the circumstances described under "Details of the Offering — Certain Provisions of the Series 25 Preferred Shares as a Series — Conversion of Series 25 Preferred Shares into Series 26 Preferred Shares" and "Details of the Offering — Certain Provisions of the Series 26 Preferred Shares as a Series — Conversion of Series 26 Preferred Shares into Series 25 Preferred Shares". Upon the automatic conversion of the Series 25 Preferred Shares into Series 26 Preferred Shares, the dividend rate on the Series 26 Preferred Shares will be a floating rate that is adjusted quarterly by reference to the T-Bill Rate which may vary from time to time while, upon the automatic conversion of the Series 26 Preferred Shares into Series 25 Preferred Shares, the dividend rate on the Series 25 Preferred Shares will be, for each five-year period, a fixed rate that is determined by reference to the Government of Canada Yield on the 30th day prior to the first day of each such five-year period. In addition, holders may be prevented from converting their Series 25 Preferred Shares into Series 26 Preferred Shares, and vice versa, in certain circumstances. See "Details of the Offering — Certain Provisions of the Series 25 Preferred Shares as a Series — Conversion of Series 25 Preferred Shares into Series 26 Preferred Shares", "— Issue of Additional Series of Class 1 Shares and Amendments to the Series 25 Preferred Shares", "Details of the Offering — Certain Provisions of the Series 26 Preferred Shares as a Series — Conversion of Series 26 Preferred Shares into Series 25 Preferred Shares" and "— Issue of Additional Series of Class 1 Shares and Amendments to the Series 26 Preferred Shares".
