**Commentary**

Lazard Global Small Cap Equity Fund (the 'Strategy') has experienced a significant loss in AUM (83% of assets) between 2023 and Q1 2024, most notably due to loss of clients. The Strategy AUM stands at USD\$244.9mn as of March 31, 2024. As a result, the Lazard Small Cap Team's AUM has also shrunk over 20% to the current USD\$3.7bn.

**Impact**

The investment philosophy and process has experienced no change due to the outflows.

**Closing Remarks**

Given the size of the outflows, there are impact on investor confidence and concerns of future dissolution, though these concerns are somewhat mitigated by the continuous efforts by Lazard since June 2023 to bolster the Small Cap Equity platform by adding focused resources to the team, including the newly minted Global Head of Small Cap Equity Sean Gallagher. Global Manager Research ('GMR') continues to monitor the liquidity, concentration, and redemption risks of the Strategy.
