Investment Objective and Strategy

The Fund is an equity UITF structured as a feeder fund that aims to maximize total return by investing all or substantially all of its assets in a collective investment scheme (CIS), the Target Fund. The Target Fund aims to achieve capital appreciation by investing at least two thirds of its net invested assets in equity securities of companies expected to benefit from the development, advancement and use of technology. The Target Fund may also invest in equity or debt securities of any type of foreign or US issuer as well as in American, European or Global Depositary Receipts. The Target Fund is the Franklin Technology Fund.

Client Suitability

A client profiling process should be performed prior to participating in the Fund to guide prospective investor if the Fund is suited to his/her investment objectives and risk tolerance. Clients are advised to read the Declaration of Trust/Plan Rules of the Fund, which may be obtained from the Trustee, before deciding to invest.

The Manulife Global Technology Equity Feeder Fund is suitable for investors who are at least classified as aggressive based on their risk profile. To minimize risk and maximize returns, investors are recommended to stay invested in the Fund for at least five (5) years.

Key Risks and Risk Management

You should not invest in this Fund if you do not understand or are not comfortable with the accompanying risks. For a more comprehensive list of risks, please refer to the Risk Disclosure Statement.

Price Risk: The possibility for an investor to experience losses due to changes in market prices of securities.

Liquidity Risk: The possibility for an investor to experience losses due to inability to sell or convert assets into cash immediately or in instances where conversion to cash is possible but at a loss.

Credit Risk: The possibility for an investor to experience losses due to a borrower's failure to pay principal and/or interest in a timely manner. Investors may be exposed to higher degree of credit risk due to possible indirect holdings in below investment grade securities.

Reinvestment Risk: The possibility of having lower returns or earnings when maturing funds or the interest earnings of funds are reinvested.

Interest Rate Risk: The possibility for an investor to experience losses due to changes in interest rates.

Foreign Exchange Risk: This is the possibility for an investor to experience losses due to fluctuations in foreign exchange rates.

Outlook and Strategy

We continue to see significant opportunities in Digital Transformation and its sub-themes. Despite recent performance challenges, our thesis that we are in the early stages of a massive Digital Transformation of society appears intact. On the negative side, there is modest slowing in consumer-focused technology areas as pandemic-related restrictions fade and supply chains contend with reopening shocks. On the positive side, enterprise investment in Digital Transformation remains robust.

Investment Policy / Prospective Investment

The Fund shall invest at least 90% of its assets in the Target Fund. The investment in the Target Fund shall not exceed 10% of the total net asset value of the Target Fund. The portion of the Fund that is not invested in the Target Fund, which shall not exceed 10% of the assets of the Fund, may be invested and/or reinvested in other investments allowed under the regulations issued by the BSP.
